COUNTY OF SUFFOLK'S MOTION FOR
A TIME EXTENSION WITHIN WHICH
TO FILE ITS BRIEF ON EXCEPTIONS
TO THE INITIAL DECISION

The Initial Decision of the Jamesport Licensing Board was issued on December 26, 1978. The County served its exceptions to the Initial Decision on January 15, 1979.* Its brief on exceptions is presently due to be filed February 14, 1979. The County requests a short time extension of 12 days, or to February 26, 1979, for the filing of its brief on exceptions.

Counsel is presently engaged in three other matters for the County which will occupy his time during the coming weeks. These matters include representation of the County

* The County's exceptions were due to be filed January 12, 1979 but it received an extension of what amounted to one working day due to delayed service of the Initial Decision.

in the reopened State Siting Board proceedings (Case No. 80003), the Shoreham operating license proceedings (Docket No. 50-322), and the LILCO rate application proceedings (Nos. 27374-27375). * These, and other client responsibilities, make it necessary to request a short, additional time period for the preparation of the County's brief. This request for an extension represents only a modest slip in the briefing schedule for this appeal, and, in view of the reopened State Siting Board proceedings, will cause no prejudice to the Applicants.

Counsel for the Applicants and Staff were contacted this date and have no opposition to this motion.

Respectfully submitted,
